Blk 510, #01-07, Bedok North, Ave 3, Singapore 460510.

InnosinLab

COMPANY PROFILE

ABOUT US

InnosinLab has been developing and manufacturing laboratory furniture in Malaysia and Singapore since 2012. Our parent company has been in operation since 1986.

Our products and services include professional design ,customization, manufacturing and installation of metal works.

Over the years, InnosinLab has grown from a humble beginning into a respectable multi-disciplinary company which provides complete solution and services.

Taking into consideration all elements and requirements of a laboratory space, we can propose personalized solution for each space layout.

Our extensive experiences coupled with the advanced tool, equipment machineries and robotics enable us to consistent quality, and on-time delivery.

These are the reasons our customers look to us as the trusted choice among metal component manufacturers.

InnosinLab specializes in customizing production and services to the laboratory industrial,civil construction,commercial, retail, residential as well as maritime industry.

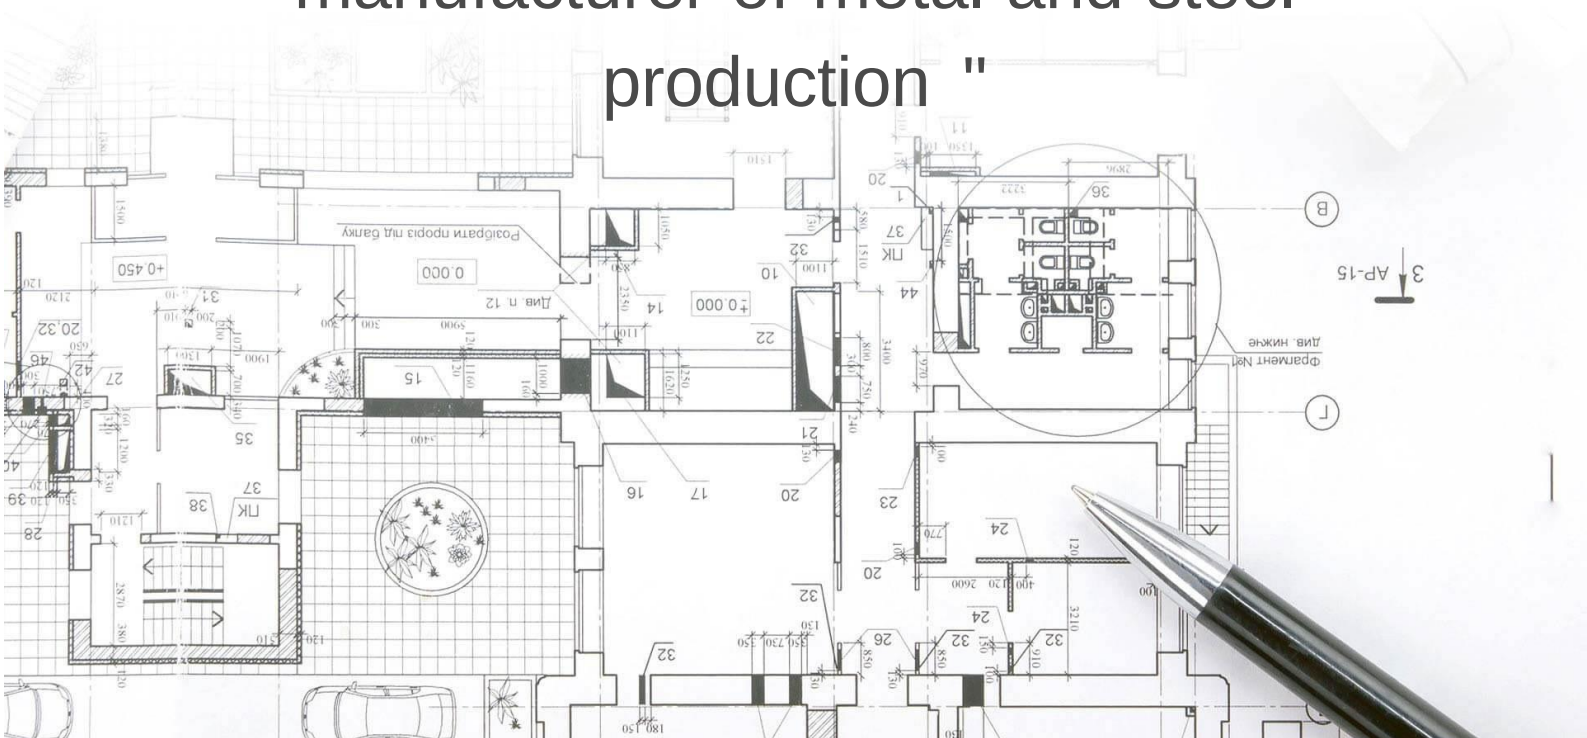

COMPANY PROFILE

OUR MISSION

OUR VISION

" We bring our passion in work with innovative, dedicative and competitive price "

" **INNOSINLAB** is a premium manufacturer of metal and steel production "

COMPANY PROFILE

COMPANY FACILITIES

Total Production Floor Area : 50,000 SQ.FT
Height of Production .16 meters

Land Area
Hoisting crane

: 10 – acrea
: 2 no. of 10 tons
overhead crane

Enhance Our Workmanship and Productivity

ADVANCE TECHNOLOGY

LVD CNC LASER CUTTING MACHINE

Model - ORION 3015

Technical Specifications

Max. processing size

- 4000mm x 2000mm x 290mm

Max. processing thickness

- Mid steel 16mm
- Stainless steel 12mm
- Aluminium 6mm

STRIPPIT CNC TIRRET PUNCHING MACHINE

Model - Fabri - Center 1250XP

Technical Specifications

Press capacity

- 25 tons

Sheet size capacity

- 1220mm x 2440mm

YSD CNC PRESS BRAKE MACHINE

Model - PPEB 80/25-5

Technical Specifications

Axis

- 5 axis

Bending force

- 80 tons

Usable length

- 2500mm

DARLEY HYDRAULIC SHEARING MACHINE

Technical Specifications

Max length

- 3050mm

Max thickness

- 605mm

KUKA ROBOT C/W PLASMA WELDING MACHINE

Technical Specifications

Drive units for 6 degrees of freedom

Repeatable better than 0.1mm
1412 reachable, measurable at center of 5th axis

CNC PLASMA CUTTING MACHINE

Technical Specifications

Max

- 5 axis

Bending force

- 80 tons

Usable length

- 2500mm

CNC GROOVING MACHINE

Technical Specifications

Processing thickness
- 0.6 ~ 4MM

HYDRAULIC UNCOILING MACHINE

Technical Specifications

Max weight
- 5 tons
Max width
- 1500mm

KUMLA PLATE BENDING MACHINE

Technical Specifications

Max lenght
- 2500mm
Max thickness
- 15mm

ROUND PIPE ROLLING MACHINE

Model - R - 3

Technical Specifications

Rolling diameter tube
- 19.1 ~ 76.1mm

HEFENG HYDRAULIC PIPE MACHINE

Model - DW75NCBL

Technical Specifications

Range of bending radius
- 50 ~ 300mm
Bending diameter of steel tube
- 19.1 ~ 50.8mm

PLATE GRINDING MACHINE

Technical Specifications

Processing thickness
- 0.3mm
Processing width
- 300 - 1550mm
Grinder type
- 4 heads type

CNC SINGLE ARM 2-AXIS MILLING MACHINE

Technical Specifications

Processing size
- 6000mm (L) x 2600mm (W)

KURAKI MULTI-TASKING CNC MILLING MACHINE

Technical Specifications

Processing size
- 1500mm (L) x 650mm (W)

LATHE MACHINE

Technical Specifications

Processing size
- 10 ~ 120mm (Dia)

LABORATORY

PRODUCT GALLERY

Biopolis

Wild Life Department

Methodist girl school

We specialized in the laboratory product ranges from powder coated steel, and stainless steel work bench, work table, cabinet, sink, unit, fume cupboards, exhaust hood, ducting system as well as others customized product to accommodate to our customers need.

KITCHEN

PRODUCT GALLERY

Biopolis,
CFF & UKM

We also provide customer with a comprehensive range of standardized as well as custom made commercial kitchen equipment tailored to meet explicit requirements.

- Commercial kitchen equipment
- Stainless steel kitchen fabrication
- Specialist in customized kitchen equipment base on requirement

PRODUCT GALLERY

Animal Facilities

We also specialized in customizing production and services to the laboratory industrial, bringing forth the clients a unique assortment of Animal Facilities.

HOSPITAL

PRODUCT GALLERY

Hospital

Where products don't exist for specific needs, **Innosinlab** innovative Research & Development team offer designs and develops new items. In fact, we are known for our cutting-edge solutions to specific medical and ergonomic needs.

- Skrub sink
- Work Bench
- Sloop sink
- Wall mounted open cabinet
- Tall case
- Chemotherapy pedestal
